

### Conference Synopsis

The mission of these three great Kansas City institutions (Society of American Military Engineers, University of Missouri Kansas City and the US Army Corps of Engineers) is to bring a high quality education and training program to the engineering community.

There will be significant opportunities to learn about military and civil programs of the United States Army Corps of Engineers, hear from local professors on interesting topics contributing to the community as well as being able to promote individual companies. Both private and public sector information will be presented.

***Sponsorship opportunities are available and will be recognized at all conference events. Please take advantage of this great opportunity.***
