Portland District Mission

Provides vital public engineering services to the Pacific Northwest and Nation during peace and war to strengthen our security, promote a strong economy & enhance environmental sustainability.

Portland District encompasses nearly 97,000 square miles of land and water in Oregon and southwestern Washington. The District's future is tied to helping to balance the region's competing needs for navigation, flood damage reduction, hydropower, fish and wildlife habitat, disaster recovery, irrigation and recreation.

How Accomplished

- Improving and maintaining navigation for economic development and safety
- Preventing and reducing flood damage
- Restoring, enhancing and maintaining ecosystems
- Generating reliable and efficient hydropower
- Regulating activities in wetlands and waterways
- Supporting combat, stability, and disaster operations through forward deployed and reach-back capabilities
- Providing Corps-wide expertise in hydroelectric planning and engineering
- Providing safe and healthful recreational opportunities for the public

How Much and What Do We Buy?

- In support of our mission during a usual year, we purchase approximately \$160-\$175 million of supplies and services.
- With funds allocated under ARRA expect to purchase approximately \$270 -\$290 million
